Designed, engineered, and manufactured by ICEBERG Commercial Display
using the latest field technologies & thoroughly tested components

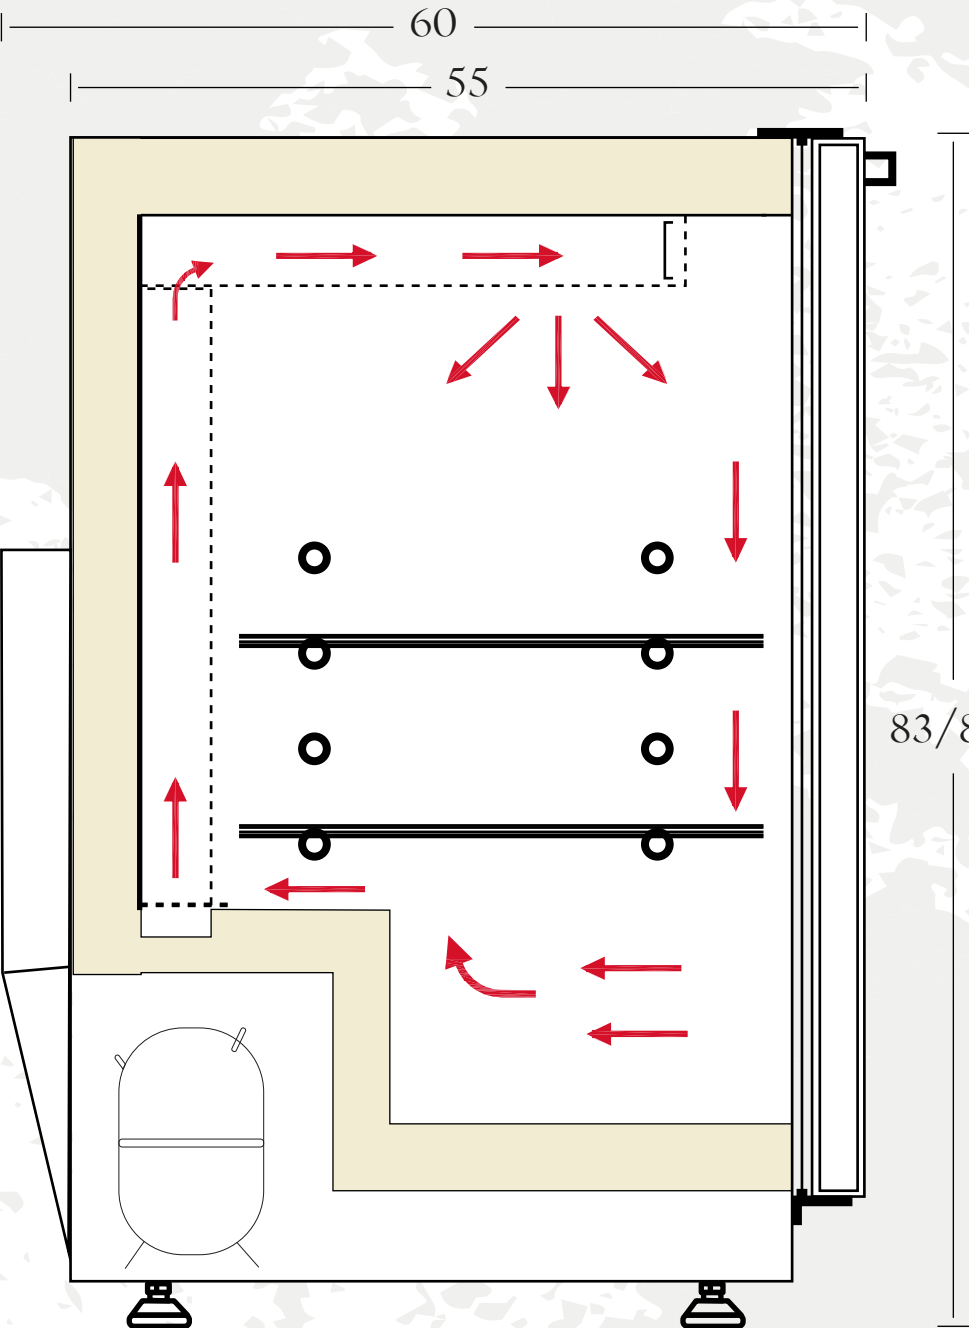

DESCRIPTION

ICE+ Mini-Bar has been designed to introduce a new concept of display Mini-bars. Combining both commercial technology with residential perspective. Dimensions made suitable to built-in in any kitchen counter. Our Mini bar glass door can be placed indoor as well as outdoor.

Customization is also possible through the choice of 2 different colors: Black exterior (RAL 9005) with White interior (RAL 9016) or Black exterior with Black interior. Door options are also available through the choice of 2 different material finishes: Satin Stainless steel door frame with double glazed insulated glass and chrome door handle or Aluminum door frame with double glazed insulated glass and built in door handle.
