BAKERY

AMBIENT
NETURAL DISPLAY

FRAMELESS REFRIGERATED DISPLAY

PASTRY VENTILATED CHILLER

+2°C / +7°C (ideal for food and beverage)
+7°C / +12°C (ideal for pastry products)

Humidity higher than 75%

ICE+ Frameless refrigerated display ideal to host all your pastry products with high humidity to elevate your product shelf life without crisping the outer shell.

CHOCOLATE VENTILATED CHILLER

+12°C / +16°C (ideal for chocolate & Praline)

Humidity controlled lower than 45%

ICE+ Frameless refrigerated display ideal to host all your chocolates with low humidity to safe keep your chocolate product shelf life without any color change to the outer shell.

FRAMELESS REFRIGERATED DISPLAY

FRAMELESS WITH SLIDING SHELF

At ICE+, we understand the importance of your display and how viable it is to attract customers. With our sliding shelf, you can front face your products to be more visible to your customers whenever you feel the need.

FRAMELESS

ENJOY THE BEAUTY OF AN EXTREME PRODUCT VISIBILITY
WITH NO BARRIERS

LASER WELDED

45 DEGREE CHAMFERED GLASS

Glass welded at 45 Degree angle to minimize the viewing thickness of the glass.

CLEAR VIEW

NO BARRIERS

No frames, no profiles, just pure glass

CORIAN TOP

SELECTIVE CORIAN COLORS

Enjoy the Corian characteristics as a base floor to display your products.
FRAMELESS

PERFECT INTEGRATION

Our model offers a wide range of styles and dimensions that offer the perfect alignment and integration across your bar counter.

Our standard model sizes start with lengths from 90 to 180 cm with increments of 30 cm.

Customization is made available through our design team to integrate within your display bar with any dimension needed.

FRAMELESS

CONTROL YOUR DISPLAY

Our Frameless with storage model can be offered with dual functionality. This feature gives you the option to choose between 2 different refrigeration scenarios depending on the products displayed:

Refrigerated floor display with refrigerated storage for all your cold line products (Pastry, food, beverage, etc....)

Neutral floor display with refrigerated storage for all your ambient products (Croissants, danish, etc...)

In this scenario, you can display all your bakery products while still maintaining the use of a refrigerated undercounter hidden storage.

* This is an optional feature and will be supplied upon request.

DISPLAY EXPOSITION

MULTI-LEVEL DISPLAY

Multiple level showcase gives a vast space for numerous product display.

All shelves are adjustable with 20 mm increments and can either be supplied with same length shelves or increments of 5 cm length shelves.

FLAT DISPLAY

The Flat display focuses on product quality. Available with hidden refrigerated storage for your product duplicates.

With display base fixed at 90 cm height, the storage can accommodate two (2) level storage with the same temperature reach along all compartments.

CORIAN TOP

Our model uses a wide range of materials, one of which is the Corian top. We have redesigned and engineered the Corian material to suit the refrigeration system functions with the presence of perforated holes and maintenance plates.

Corian is known as solid and strong material that resists the majority of impacts, scratches and cuts. Its also Hygienic as it does not favour the growth of bacteria or funguses and guarantee seamless joints. Its non porous, safe for use, non-toxic, & can be easily repaired.

TECHNICAL PERFORMANCE

LAYOUT

Frameless glass display showcase

GLASS TYPE

10 mm single tempered glass welded
@ 45 degree angle

SHELF TYPE

- Three (3) Glass shelves
- Two (2) Glass shelves
